

**Technical data :**

Test box compatible with PNP or NPN sensors and also with 2 wires sensors  
 Ambient temperature range -25...70 °C  
 Sensor supply voltage : 24VDC  
 Max. sensor supply current : 100 mA

**Materials :**

Housing PBT

**Status indication :**

Sensor connected Green LED  
 Low battery (< 15% full) Green LED blinking (1 Hz)  
 Charging, (≤ 90% full / > 90% full) Green LED blinking (4 Hz / 2 Hz)  
 Output state Yellow LED

**Connection :**

Spring terminals

**Power supply :**

Rechargeable battery included (LiPo 9V 600 mAh)  
 Micro-USB interface for charger  
 Charger type (not included) : Universal mobile phone charger  
 Automatic switch off : After ~120 seconds of non-use

**BT02**  
 Proximity sensor test box

**Dimensions :**
