

**Cable protection characteristics :**

Aramid fiber (kevlar) braided sleeving  
Max. contact temperature +250°C (peak +330°C)  
Inside diameter : Ø 10 mm  
Self-extinguishing, high flexible, high mechanical resistance

**Remarks :**

Sales unit : metre  
Order in multiples of 100

**PROTM12TK10**  
Welding environment

**Dimensions :**
